Z.Matik | 507 BL Reversible Tabletop Sheeter

Compact, Reliable Tabletop Sheeter!

The Z.Matik 507BL is the perfect reversible tabletop/bench sheeter for laminating and processing a wide variety of dough, including croissant, phyllo doughs and puff pastry. This space saving sheeter is perfect for bakeries with limited space. Both sides of the conveyor table fold up for storage. This versatile machine is capable of handling the majority of tasks that their traditional, full-sized floor model counterparts can.

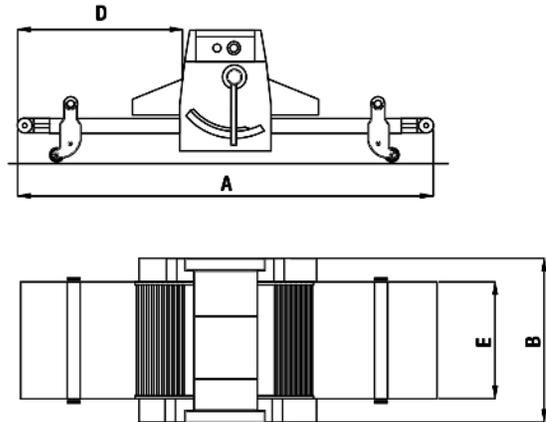

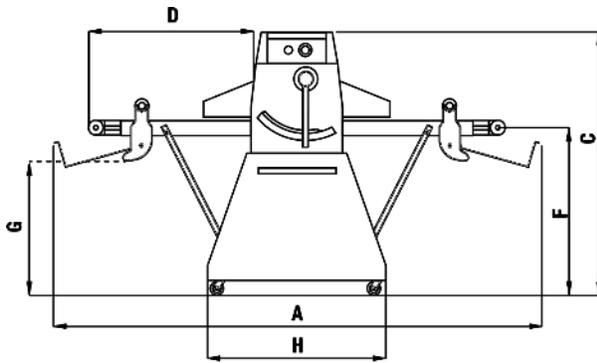

Features

- ✓ **Versatility**
Suitable for a wide variety of doughs including: puffed, croissant, biscuit, doughnut, shortdough, Phyllo (Filo).
- ✓ **Compact**
This machine features a space saving footprint designed to fit in most environments. In addition, both sides of the conveyor belt fold up when not in use for maximum storage.
- ✓ **Easy Cleaning**
Easy to remove polyethylene scrapers and conveyor belt made of synthetic material for easy cleaning.
- ✓ **Accessories**
Rolling pins with mounted supports are standard.
- ✓ **Reversible**
This bench pastry sheeter is reversible, enabling the operator to process dough in both directions saving both time and operator strain.
- ✓ **Easy Operation**
Quick and easy one-person setup, with ergonomic handles that reduce operator strain.
- ✓ **Safety Guards**
Safety guard surrounds the area where dough is processed for added safety.
- ✓ **Durable Construction**
Ensures both hygiene and durability
